

# SLx4 City

+ EASY INTEGRATION

+ STYLISH & CUSTOMISABLE

+ EFFECTIVE & ECONOMICAL

THE UNIVERSAL SIGNAGE SOLUTION

# SLx4 City

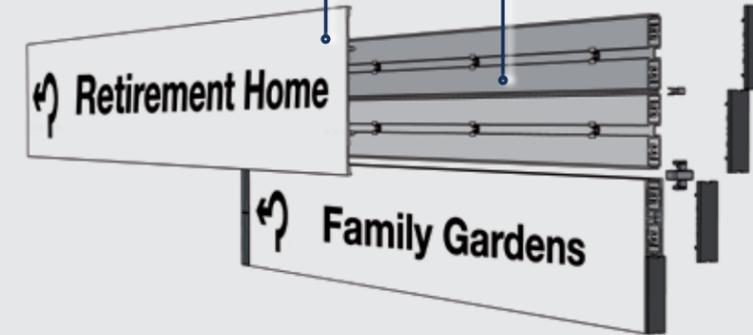

## FASTER CONNECTIONS

### A UNIQUE DESIGN THAT SEPARATES THE STRUCTURE FROM THE MESSAGE

**"Message" signboard**  
Clips onto the "Structure" signboard to display information.

**"Structure" signboard**  
Used to build layouts; to be fitted onto the mount

### EASY INTEGRATION

The SLx4® City blends perfectly into the urban environment, even where space is tight: city centres, pedestrian zones...

It can be mounted on a single post to indicate directions for both drivers and pedestrians, or fitted onto existing supports and even directly onto walls.

### STYLISH & CUSTOMISABLE

The SLx4® City is sober and fully customisable.

Available in a variety of colours, lacquers, adhesive films, logos and pictograms - the possibilities are infinite.

### EFFECTIVE & ECONOMICAL

The SLx4® City is a long-term investment.

Less time and greater ease when changing signboards re-using the same mount means more economical use.

### COMPETITIVE USAGE COST

Replacing an SLx4® signboard is more economical and ecologically friendly, compared to a standard product.

## ADDITIONAL PRODUCTS

### 1 ÉTOILE® POST EXTENSION

- Can be extended to accommodate the number and height of the signboards,
- No need to change the existing mount as the extension slides in and out of the base.

### 2 SLX4® KIT MINUTE

- You do all maintenance yourself,
- Comes with a case holding the main replacement parts customised for your fleet.

### 3 MESSAGE SIGNBOARD ONLY

- Easy on your budget,
- Customisable to your specifications

### 4 WALL MOUNT KIT

- Quick and easy mounting,
- Adapts to all wall types

## EXAMPLES OF CITY CENTRE SIGNAGE

With its simple lines and easy fitting onto all types of mounts, the SLx4® City blends harmoniously into the existing urban environment. The customisation of the message signboards with logos, symbols and a variety of colours, ensures that users can find their way efficiently and intuitively.

### 1 FRONT FACING SINGLE MAST

#### The most legible

- Compatible with signboards up to 4'4"/52"/1300 mm in length,
- Guarantees maximum legibility from a distance.

### 2 VARIABLE MESSAGE SIGN

#### The simplest

- For your local or municipal communication needs,
- Compose messages letter by letter and customise them as you please.

### 3 INFORMATION SIGN

#### The most economical

- Very simple concept, original design, convex panel shape,
- Effectively displays recurring event information: markets, sporting events.

### 4 TANGENTIAL SINGLE MAST

#### The most visible

- Double-sided, height compliant display,
- Optimal visibility.
